OLDEST RESIDENTS HOLD MEMORIAL

Tributes Paid to Members of Association Who Died During Year.

The Oldest Inhabitants' Association held memorial services last night at the the members of their organization who have died during the last year. There was a full attendance and some of the

papers, and presently the fact was being advertised that there was a post office with \$400 a year and little work, going a-begging. Then Mr. Cocks and the Postoffice Department began to receive letters on the whole began to re-

ceive letters on the subejct. People wrote from all sorts of places, money, but would be willing to take it in consideration of the dignity of hav ing a Federal office. The fact that it was in the President's home district added to the interest; there seemed to be an especially large crop of patriots willing to assist in maintaining the public service in the President's precinct. Some of the applicants didn't even live in New York State. Of course, they couldn't be considered.

At length Mr. Cocks has turned up a man named Schlotz, who is willing to serve; moved partly by considerations of duty, partly by the desire to annex the dignity of the situation, and in some small measure by thought of the \$400. added to the interest; there seemed to

THE FORTY BEACHES OF NEW JERSEY.

The one hundred and twenty-five odd miles along the New Jersey coast line from Long Branch to Cape May presents the greatest pleasuring section in the United States.

Upon the bluffs of the northern end and the gently shelving sands of the southern end are located forty resorts which entertain during the spring and summer season millions of pleasure seekers.

At no time in the year is this section more delightful than during the spring and early summer months. One who has not seen them at this season would marvel at their delights. The great pine belt, which extends through the center of New Jersey, fills the air with life-giving ozone, which combined with the salty tang of the sea and the open air exercise possible at all times, is exhilarating and tonic to the highest degree.

Long Branch, with its beautiful cottage-neighbors, West End, Hollywood, and Elberon; Deal, and Allenhurst, largely devoted to cottage life; Asbury Park and Ocean Grove, attracting thousands yearly; Avon, Belmar, Como, Spring Lake, and Sea Girt, are a galaxy of attractive places upon the bluffs where "the country meets the sea."

Then the Barnegat Bay section, where Point Pleasant, Sea Side Park, Island Heights, Barnegat City, and Beach Haven, with other smaller places nearby, welcome the summer sojourner.

Atlantic City, with its seven miles of beach and drives, and its charming suburbs, leads the island resorts, separated from the main land by the great salt marshes.

Ocean City, Sea Isle City, Avalon, and Stone Harbor; Anglesea, Wildwood, Holly Beach, and Wildwood Crest also have a large summer population.

And Cape May, with its new million dollar hotel and its wonderful improvements makes a fitting climax and holds a high place among the forty beaches.

The Pennsylvania Railroad is the direct route to all of these resorts from all sections of the country. Its splendid train service makes each of them neighbor to all the rest and to the world at large.
